

# Beachport Liquid Minerals ORGANIC PRODUCTS NOW AVAILABLE!

premium  
**ORGANIC**  
product range

The organic supplements you have been waiting for are here!

## THE No. 1 LIQUID SUPPLEMENT FOR ORGANIC PRODUCERS!

Improve the health and maximise performance of your livestock. BLM have worked very hard to achieve an organic product that can achieve the same benefits as the traditional range of BLM supplements.

### NO COMPROMISE!

NASAA accredited and USDA NOP compliant, Beachport Liquid Minerals Organic range includes Organic White Cap & Organic Green Cap. They are similar formulations to the traditional White Cap & Green Cap but now made with organic compliant, premium ingredients.

## NASAA CERTIFIED, USDA NOP COMPLIANT

Our unique chelating and mixing procedures use premium organic compliant ingredients to bring you the best quality certified organic supplements.

## SUPPORTING THE ORGANIC INDUSTRY

A rapidly growing and evolving organic industry need to have the same ability to improve the health & performance of livestock, the same as other producers.

## LOOK OUT FOR THE GREEN DRUM

The new organic products now come in green 10L & 20L drums. 200L & 1000L are as per our traditional range but are clearly labelled organic.
